HERE'S the POINT

By SPENCE HELD

Did you see the heat lightning, or whatever it was, Tuesday night?

Boy, that was the biggest display of celestial fireworks I ever saw. It was continuous between 10 and 11 p.m., with tremendous flashes lighting up the entire northeastern sky. Clouds over the mountains made it look like a storm but no thunder was heard here.

The view from Point Loma was stupendous, to say the least.

* * *

Tuesday morning I hotfooted it down the hill, boarded an O.B. bus, and arrived at the PENINSULA NEWS without my glasses. (Had worn sun-glasses enroute.)

Groping around the office, I decided the specs in their black case probably were aboard the bus I had just left. Unable to read the phone book, I had someone look up the Transit System number for me and then phoned headquarters.

Sure, one of the supervisors said he would meet the inbound O. B. bus at the Plaza and look for my glasses.

When I phoned again, he had 'em.

At the Lost and Found office, later, I learned the name of my benefactor—Frank Parker.

I considered myself extremely lucky. My opinion of the bus company shot up about 100 degrees; and here's a deep bow in the direction of Frank Parker.

Listening to Friday night's radio broadcast of the football game between the L. A. Rams and Cleveland Browns, I enjoyed the way Skeet Quinlan ran the Browns bowlegged.

When Skeet, a star at MCRD and State College, tried out with the Rams a couple years ago, I had a little argument with Biff Gardner about him.

Gardner played football at Villanova, coached at Sweetwater High, and officiates at pro games in L. A. and S. F. He's agile in debate, too.

He said, "I don't think Quinlan will stick with the Rams."

"I think he will," I said.

"He isn't big enough for pro football." (Quinlan weighs about 170.)

"He's as big as Doak Walker."

"Yeah, but he can't do as many things as Walker."

Well, I lost the argument, perhaps, but Quinlan is only the best broken-field runner in pro football. Spring him loose on a pass or pitch-out and he's gone, brother.

* * *

And many other "unknown" players from colleges large and small have made a mockery of the "All-American" bushwa that is inflicted on the public annually.

Run down the roster of the Rams and other pro teams and you will find stars like Tank Younger, from Grambling College (ever hear of it?); Andy Robustelli, Arnold College; and others from Northern Illinois State, Baldwin-Wallace, College of the Pacific, Loyola and Scottsbluff (Neb.) J. C.

All-American selections are nice for the 11 to 33 players chosen on an arbitrary, artificial basis, but highly unfair to 500 others of perhaps equal ability. The pros have proved that.

Order of Amaranth, Pacific Beach Court 104, will hold an initiation ceremony Friday at 8 p.m. in Point Loma Masonic Temple on Sunset Cliffs Blvd.

Ocean Beach Friendly Club will not meet Sept. 6, it was announced yesterday. The club will meet Friday, Sept. 13.

Construction of Groin Necessary, Says Drake

Tom Drake, chairman of the Beach Improvement Committee, Ocean Beach Chamber of Commerce, pointed out yesterday that the impending dredging of Mission Bay Channel means that Ocean Beach should insist on the City carrying out a recommendation by Army engineers for construction of a groin (jetty) in the vicinity of Saratoga Ave., to halt erosion of the local beach,.

"This recommendation," said Drake, "was concurred in by Col. Edwin C. Kelton, beach erosion control engineer of the State Division of Beaches and Parks."

Spoil from the channel dredging, Drake explained, could be filled in on both sides of the groin.

"As a result of construction of the south jetty of the Mission Bay flood control channel," he said, 'sand carried northward by ocean currents has been deposited in the channel instead of being washed back onto the local beach, as was the case befere the jetties were built."

Drake said that Ocean Beach Chamber of Commerce directors would be asked to adopt a resolution insisting that the City proceed with construction of a groin "as promised by the City Manager in 1953."

Congress has appropriated the $750,000 for dredging Mission Bay Channel, he pointed out.

Demo Club Acts Against Bonelli

A resolution opposing the candidacy of William G. Bonelli for re-election to the State Board of Equalization has been adopted by the board of directors of the Democratic Professional Club, according to Thomas P. Golden, president.

The resolution described Bonelli as "a long-time Republican . . . who is now attempting to be re-elected as a Democrat."

Bonelli "is unfit to hold that office because of his demonstrated inability to prevent or correct the corrupt liquor practices now being revealed in San Diego County," it was stated.

The Democratic Professional Club's officers include Robert W. Conyers, vice president, and William Sommer, secretary-treasurer.

Running against Bonelli is Robert E. McDavid, whose campaign in San Diego and Imperial Counties is being handled by Tom Drake of Ocean Beach.

Four New Members Of AAUW In Area

Four women from the Peninsula area became members of the American Association of University Women during the summer months.

They are: Mrs. Kenneth S. Beam, 4460 Del Monte Ave., a graduate of the Delta State Teachers' College; Mrs. Mabel Naylor Danalis, 3939 La Cresta Drive, who received her Ph. D. degree from the University of Chicago; Mrs. David A. Finster, 4960 W. Point Loma Blvd., a graduate of San Diego State College; and Mrs. Steven Weisbrod, 4326 Hill St., a graduate of Brooklyn College.

SQUARE DANCING CLASS

An adult square dancing class, sponsored by "The Lighthouse Squares," will begin Wednesday, Sept. 8 at 8 p.m. in Sunset View Elementary School on Hill St. The public is invited.

Harold Beals, caller, said that square dancing is becoming popular in this area. Some 500 attended a dance in the Masonic Temple on Sunset Cliffs Blvd. Friday night, he reported.

MARLIN—Three local residents had a hand in landing this 179-pound beauty. It was hooked by Carl H. Smith, right, from the boat Letty II, captained by his father, H. F. Smith, jeweler, left. J. V. Waggoner, center, of Bob Horn TV, helped boat the big fish.

Beginner's Luck Is Apparent In Yellow Derby

With only a little more than a week and one-half remaining in the fourth and final qualifying period of the $25,000 San Diego Yellowtail Derby, the struggle to bag a lunker became more intense than ever but beginner's luck appeared to have it all over persistence and fishing skill.

For example, Dr. C. L. Spencer, of Coffeyville, Kan., making his first deep sea fishing trip, sacked a 33 pound 8 ounce yellowtail at the Coronado Islands to grab the top weekly qualifying prize and move into second place in the period standings. Furthermore, Dr. Spencer said that he had hooked at least three other fish he believed to be as large, or possibly larger, before finally getting the hang of things and decking his 33 pounder.

Yellowtail fishing made a strong comeback the early part of the week and the minimum qualifying weight was going up steadily. At the same time, Marlin fishing was rolling along at a hot pace and was running far ahead of even the banner year of 1952.

Marlin highlights of the week included the landing of her sixth marlin by Mrs. W. A. Hoss. Ralph (Barney) Miller and Chuck Gillam were setting a fast pace for charter boat operators. Miller had brought in five marlin, one 213 pounder caught by himself, and Gillam had racked up three in two days.

June Jones, of San Diego, also had her innings, hooking two giant sea bass within the space of a few days—one 250 pounds and the other 275.

Two Films Set At Cal-Western

Two films. "Grass' 'and "The Window Cleaner", will be presented by California Western University at 8 o'clock, Friday evening, Sept. 3, in Lomaland Hall on the university campus. This is the fifth and next-to-last in the series of outstanding motion pictures to be shown this summer.

"Grass" is an exotic and colorful film of nomadic Persian tribes. "The Window Cleaner", an OWI Overseas Branch production, is a unique study of New York City and its people as seen through the eyes of a window cleaner.

Admission for non-holders of series tickets is 35c.

Mr. and Mrs. J. H. Thornberry and three children, Harry, Cheryl and Diana, moved from Aztec Housing to their own home in the 4400 block on Montalvo street. Mr. Thornberry is a civil engineer for the City of San Diego.

BLACK SEA BASS—F. A. (Al) Wolf, of Ocean Beach, commodore of the Outboard Boating Club of San Diego, won the $100 prize offered by the club for the biggest fish caught during five week-ends of its Fishing Contest. He had hooked a monster off La Jolla six times, only to have it break his line, before bringing in the pictured fish Saturday. It weighed 169 pounds. (He used a heavier line this time.)—Photo by Frank Leary.

Parking Lot To Be Sold Unless It Gets Support

The new community parking lot at Cable St. and Santa Monica Ave. will be sold unless local business and professional men support it by Sept. 10.

That was the announcement this week by Tom Drake, president of Ocean Beach Community Parking, Inc.

He pointed out that this group of citizens bought the corner because of "the need for additional parking to attract more business to Ocean Beach."

Drake said: 'With the dredging of Mission Bay Channel and the consequent improvement of the ocean front, this group of citizens believe the need for parking will become more acute as thousands of visitors will be attracted to our beach.

"The majority of business and professional men of Ocean Beach do not shart this view and are not supporting the parking lot. The owners feel they cannot provide parking and that they are entitled to a fair return on their investment.

"They believe a reasonable effort has been made on their part, and unless support is received paying the upkeep of the lot by Sept. 10, a meeting of stockholders will be held to dispose of the lot by sale."

Pt. Loma High Football Starts Tues., Sept. 7

Point Loma High School football practice will begin Sept. 7.

The coaches are looking forward to a large turnout of candidates for the Varsity squad on that date. Candidates for the Sophomore team will turn out Sept. 13.

Early tomorrow morning, all candidates for football and cross-country will be given physical examinations. Doctors who examine the Point Loma boys always have been over-cautious and no boy with the slightest physical ailment is allowed to participate. Uniforms will be issued to those Varsity candidates who pass the physicals.

The Varsity line will be much bigger and more agile than last year's. Ray Blasingame, All-City end in '53, will be tried at fullback. Bill Harvey and Bob Gardner will battle for the quarterback spot, with Frank Rogers and John Dawson likely to start at the halves, and John Tuisl, Frank Sacco and Bill Kelly providing competition.

Bob Pringle probably will battle Blasingame for fullback. Others who could break into the backfield are Jim Allin, Queresema, Moses and Meza.

A tentative first-day line would include Widders and Spicer, ends; Disney and Grant, tackles; Love, Palermo or Ohlin, guards; and Dyson, center. Don Ketchen, Brucker and Cabral are available at tackle.

Other promising linemen are Gary Portello, Ralph Riley, Marcie Lampkin, Jim Sibbett and R. Dray.

The Soph linemen are expected to include Azevedo, Hutchins, Hoerger, Jackson, Karpowicz, D. Rogers, Smith, Welsh and Walker.

Schools Open Sept. 13 For The Fall Semester

With San Diego's public schools reopening for the fall semester Monday, Sept. 13, several thousand Peninsula students will return to classrooms in elementary schools, Dana Junior High and Point Loma High School.

Also, a new crop of kindergarteners will move in, plus many pupils new to the school districts where they now reside.

Here are the two most frequently asked questions, and the answers:

Q—When will new students register in the elementary schools?

A—All new elementary school pupils, which includes kindergarteners and others who have moved into a new school district since last June, will register at the elementary school in their neighborhood on Friday, Sept. 10, from 1 to 4 p.m.

(Registration also will be held at Ocean Beach and other elementary schools on opening day, Sept. 13, it was said.)

Q—What is the minimum entrance age for kindergartners and first graders?

A—Kindergarteners must be 5 years old by Dec. 2, 1954. First graders must be 6 years old by Dec. 2, 1954. These minimum ages are established by State law.

Birth certificates are required of kindergarteners and all first graders who have not previously attended the school in their neighborhood.

Pupils transferring from other schools above first should bring either a report card or a statement of promotion.

New residents who are not certain of the school district in which they reside may call the Research Office at the City Schools Education Center for information (CY-8-4681, Ext. 304.)

What's the dope on Dana Junior High and Point Loma High School?

At Dana, new students will register Wednesday and Friday, Sept. 8 and 10, from 9 a. m. to 12 noon. About 1500 students are expected.

Point Loma High also will register new students Wednesday and Friday, Sept. 8 and 10. (See separate story for hours.)

Last year's sixth graders entering junior high school, and last year's ninth graders entering senior high school, already are registered, unless they have moved into a new school district.

PT. LOMA HIGH EXPECTS 1210

An enrollment of 1210 students is expected at Point Loma High School when classes begin on Monday, September 13, it was announced by the office of Robert F. Heilbron, principal.

Registration of new students will take place on Wednesday, September 8, from 9 to 11 a.m., and from 1 to 2 p.m., and again on Friday, the 10th, from 9 to 11 a.m.

Students who attended Dana Junior High as ninth graders last year have already been registered and assigned to classes and will not report until Monday, the 13th, according to Mrs. Jean Wood, vice-principal in charge of registration and counseling. Mrs. Wood, however, stressed the importance for all other new students to complete registration before the first day of school.

More than 10,000 cubic yards of earth have been excavated to prepare for the construction of the splendid new building, completion of which is planned in time for the opening of school next year. All students and residents of the area will follow with interest the erection of this building to provide long-needed new facilities, a cafeteria, a library, science laboratories, homemaking quarters, and music rooms.

Miss Faith Soche of St. Paul, Minn. and Miss Laura Reed, of Minneapolis are making their home in the 4500 block on W. Pt. Loma Blvd. and becoming acquainted with Ocean Beach before school opens when they will teach in elementary schools. They will be joined soon by Miss Wanda Benson, also from Minn.

Catholic Schools To Open Sept. 13

Schools in the Catholic diocese of San Diego will open their doors to an estimated 21,000 students on opening day, September 13. This year's enrollment marks an increase of over 18,000 children since the diocese was established in 1936. At that time there were less than 3,000 pupils enrolled in diocesean institutions.

Some 500 priests, religious and lay teachers will be required to staff the 70 schools. Three are located in Imperiol County, nine in Riverside County, ten in San Bernardino County, and the rest in San Diego County.

Two high schools, St. Augustine's, San Diego, and Newman High at Fontana are for boys; St. Bernardine's, San Bernardino, and St. Francis de Sales, Riverside, are coeducational, and six institutions serve girls alone.

Ocean Beach Midgets And Loma Portal Win

The Ocean Beach Community Center's midget baseball team won the Bay District title Friday by sweeping a double-header from a tough Cabrillo team, 4 to 1 and 12 to 2.

In the elementary division, Loma Portal took the 10-inch softball title by defeating Homer's Variety 7 to 4. Loma Portal then went on to beat Kit Carson School in Linda Vista, 12 to 6, and was to meet Encanto in a quest for further honors.

The Ocean Beach Midgets, after trouncing Cabrillo twice, finished their season Monday by dropping a 3-0 decision to Memorial in the semi-finals of the city playoffs.

In the first Cabrillo game, it was a pitchers' duel between O. B.'s Ken Ohlin and Johnny Rebelo. Bill Fontana and Ray Hermans wielded the big sticks, with Hermans driving in two runs on single and Fontana hitting a two-run homer.

Everybody on the O. B. club got a hit in the second game. The big blows were Hermans' triple, Ohlin's three-run homer, two singles by Steve Vouaux, and singles by Johnny Collom and Dave Kidwell, all driving in runs.

Ocean Beach can be proud of all these boys. With a season record of 11 wins and 2 losses, each did his share to produce the winning team. They had no sponsor but the Community Center furnished enough equipment for them to play.

With almost the entire team returning next year, it is hoped that some kind person or persons will sponsor these boys even if it just means providing jerseys.

The champioship Loma Portal softball team includes the following players: Ken Kirkpatrick, pitcher; Sam O'Bannon, catcher; Jim Dempsey, first base; Don Helmick, second base; Johnny Elardi, third base; Lonnie Randol, shortstop; Don Sada, Jim Adsit and Windy Calohand, outfield; Bruce Mullen, Ken Overfield and Don Gross, utility.

Mrs. Ruth Rittenhouse and her two sons, of Dindsore, Canada, spent last week in Ocean Beach making their headquarters in Paradise Court on Voltaire street. Mrs. Rittenhouse, a niece by marriage of Miss Jean Rittenhouse, famous artist who passed away last August came here in the interest of her inheritance from Miss Rittenhouse. This was her first time here in twelve years. She and her sons were the dinner guests last Tuesday evening of Mr. and Mrs. L. D. Kellogg and family, 2170 Ebers St. Mrs. Kellogg, also a painter, had enjoyed knowing Miss Rittenhouse and the famous artist had helped her many times in her painting.

Jennings Brewer, son of Mr. and Mrs. W. J. Brewer of 4796 Muir avenue, returned this past Thursday following his discharge from the Army Air Force. He served four years. He plans to enter State College this Fall.

Bill Holland of Brisbane, Australia was the guest of Mr. and Mrs. Ralph Darr and son "Flip", 1265 Devonshire Drive. Mr. Holland is the coach of the Australian Empire Swimmers. His boys since coming to the United States for swim meets have taken the West coast in all events. [illegible] they were also champions. At the Fiestabahia [illegible] and diving championships at Mission Beach, the four boys from various parts of Australia, won every event in which they entered.

It might be that Mr. Holland was just diplomatic, but your Party Liner prefers to believe he meant it when he said that the Ocean Beach climate was the nicest he had struck since leving Australia, and he likened it to his home country ,minus the fog. Austrilia, he tells us, never has fog.

Mrs. Julius Wilson, 4842 W. Pt. Loma Blvd., on Sunday acted as chaperon to a group of young people who drove nearly to Escondido to enjoy a picnic at Felicita Park. Enjoying the day in a sun hotter than here were: Miss Pat Souza, Gene and Mondy Wilson, Willie Uhl, Michael and Terry Maconnell.

Mr. and Mrs. Stephen Lois Barlow, 4453 Muir avenue, left by plane for Boston. There they will attend the 17th annual reunion of a ground crew squadron of veterans of World War I. The reunion was last held Thursday, Friday and Saturday with members attending from all over the United States. Next year the reunion will be held in San Diego with Mr. Barlow as Commander. Mr. and Mrs. Byron Gilchrist of San Diego, will also attend. Mr. Barlow and Mr. Gilchrist as the only members here. Mrs. Barlow obtained literature from the Chamber of Commerce before leaving so she could be fully armed to better induce members to come next year. After the get-together is ended, the Barlows will visit in Dallas Town, near York, Penn. and also in Des Moines, Iowa before their two weeks vacation is over.

Mrs. Edith K. Myers, 4896 West Point Loma Boulevard, returned this week from an extended visit to her former home, Indianapolis, Ind.

Mr. and Mrs. Martin Murphy and son, Butch, are on an extensive vacation trip to the east that will take them as far as Washington, D. C. They planed east and for their return trip will ride in a new car on which they expect to take delivery in Michigan. They plan to be home by September 6.

Mr. and Mrs. Harry Masters and sons Harry and Harold are in the mountains of Colorado this week for a brief vacation, in which camping is to be the main activity.

Your Party Liner is not very experienced in the piscatorial sport, but that big black sea bass, weighing 169 lbs. that our linotyper, Al Wolf, caught Saturday, was a whopper—and this is no tall tale.

Comdr. Llye R. Hayes, USN and Mrs. Hays, and two children, Richard, and Kathleen, moved here from Honolulu. They moved back into their own home at 4481 Osprey Street. Before they could move in, however, the occupants that had been living there were the owners of the furniture in the runaway van that dropped onto the beach at Sunset Cliffs. The Hays lived here for a short time three years ago, but have never occupied their own home till now.

Mr. and Mrs. Jack Wynn, 2151 Ebers Street, have returned home after a month and a half trip to various cities in the United States and Canada. Among cities visited were Amarillo and Dallas, Texas, Towsen, Okla., Baltimore, Philadelphia, Cleveland, Detroit and Winsor. They returned home by way of Salt Lake City and Las Vegas.

Mrs. Wynn, better known to her friends and customers as Maude, is back again proclaiming the merits of her cosmetics.

MRS. LYMAN WHITNEY is the new president of the Point Loma Assembly. The group held its first meeting of the year today.—Despla Studio photo.

Health Workshop Completes Term

The third annual Health Education Workshop for teachers, school nurses, and administrators ended Aug 20 at State College after two weeks' study of school education problems.

Glenn Arnett, director of the session and coordinator of health, physical education, and recreation for San Diego County Schools, said the workshop was one of the most productive he has attended.

Participants at the final session last Friday unanimously recommended that a workshop be held in the summer of 1955 to tackle one or more of three topics, which were an outgrowth of the sessions this year.

The topics recommended by participants were "Methods for Providing Inservice Health Education in Individual Schools," "Evaluation of the Total School Health Program," and "Mental Health in Education."

Other recommendations made at the closing sessions included the establishment of separate required courses in health education at all junior and senior high schools.

Participants also recommended establishing of health councils in individual schools and school districts. The councils would include teachers, school nurses, parents ,and administrators.

The workshop was made possible through grants from the San Diego County Tuberculosis and Health Association, the local branch of the American Cancer Society, and the San Diego Chapter of the National Foundation for Infantile Paralysis.

TRIP TO EUROPE FETED—Colorful, giant travel posters set the mood and theme for more than thirty guests who gathered at the home of Mr. and Mrs. Walter J. Gerber, 2952 Rosecrans, to say "Bon Voyage" to Miss Helen Score. Completely surprised, Miss Score (1085 Venice St.) found many of her long-standing friends assembled to hear about her trip to Europe. She leaves from New York City Sept. 9 on an Italian liner for Gibralter. From there she will tour Spain, then by steamer will proceed to Italy and the Isle of Capri. Miss Score will visit Switzerland, the former home of Mr. and Mrs. Albert Tramonti, co-hosts for the surprise party. Paris will be her last stop before leaving for home. She expects to be gone about 7 weeks. Climaxing the party was the presentation of a suitcase filled with travel gifts from the guests.

TO EACH HIS OWN—Mr. and Mrs. Jack Edwards will live in Los Angeles and San Diego this year even if they can't be in both places at the same time. When Mr. Edwards was transferred to Los Angeles recently, they decided to keep an apartment in both tows so enthusiastic Mrs. Edwards could continue her English classes for the foreign-born. This is her tenth year teaching English to foreigners and she says she "enjoys it tremendously". She plans to drive to Los Angeles alternate weekends while her husband drives down in between.

MORE SUMMER SIDELINES—Mrs. Bert Slater, 3304 Yonge St., recently returned from a trip to Mexico City, had scarcely arrived in the house and set down her suitcases when she answered a tireless telephone and agreed to host the first fall meeting of the Point Loma Section of the American Association of University Women on Sept. 17.

To a Hawaiian patio party Mrs. Bill Gilbert wore a lei made of exquisite passion flower blossoms. It was made by her neighbor, Mrs. S. H. Shawver, and it turned out to be the conversation at the party.

Nine Area Boys Journey To Alaska

Back home from a 22-day truck and ship journey to Juneau, Alaska are nine Pt. Loma boys, members of the San Diego Northwest YMCA.

Howard Christman, 3421 Elliot St., the YMCA's executive secretary and tour director, organized the group, which went in two trucks to Seattle, camping out along the way. One night they camped at the foot of Mount Shasta.

The nine Point Loma boys were: Richard Arnold, 3717 Poe St., Stan Christman, 3412 Elliot; Ken Hagen, 3120 Shadowlawn; Bob Imlay, 3745 La Cresta Dr.; Terry and Ronnie Luallin, 1977 Venice; Tom Murch, 1105 Sunset Cliffs; Richard Sullivan, 589 Gage Lane; and Edward, Wiersema, 4336 Point Loma Ave.

The age range was 13 to 17 years. The boys attend Dana Junior High and Point Loma high school.

New Food Trades Classes Scheduled

The San Diego College and Vocational School announces the opening of a new series of classes for the "Commercial Food Trades' 'to be opened September 13. The new classes will feature commercial cooking, baking and catering.

The one-year course will meet daily from 8:00 a.m. to 1:30 p.m., and will provide actual experience in the operation of a cafeteria and lunch room. Both technical training and practical experience will be covered, to prepare graduates for positions in this occupation.

Special extension classes will be opened in the evenings for advanced training in specialties for those who are employed in the food business.

For information on these classes, call the San Diego Junior College and Vocational School Counseling Office, 835 Twelfth Avenue, BE-9-9151.

Mr. and Mrs. H. F. Martin and son, Michael, are in their own home on Talbot street. They came to the area from Whittier.

S. D. Jr. Theatre Begins Season Sat.

Opportunity knocks Saturday for aspiring thespians between the ages of 8 and 18. This is the day San Diego's Junior Theatre will begin its new season. Young people are invited to register for membership and for 12-week dramatic classes, and to try out for the first major production of the season.

Starting at 9:30 a.m. at Junior Theatre headquarters in Balboa Park—next to the Puppet Theatre—registrations will be accepted for membership or classes, or both for a nominal fee. Registration ends at 3:00 p.m.. Tryouts will be from 1:00 to 3:30 p.m. Saturday, and will resume Tuesday, Wednesday and Thursday, Sept. 7, 8, and 9, from 3:30 to 5:00 p.m.

The only qualification for tryout is membership in Junior Theatre, which also bestows such privileges as admission to all its productions, reduction in class fees, participation in monthly society affairs ,and government of the group.

Sponsored by the San Diego Park and Recreation Department, Junior Theatre presents four major children's plays each season, plus one-act class plays and the popular teen musical in the spring. Its purpose is to provide low-cost, satisfying theatre experience to San Diego's youth.

Many local young folks have appeared in Junior Theatre productions in the past few years. Membership is expected to reach 250 this year.

Three classes for elementary students will meet Saturday mornings at 9:30 a.m. for professional instruction in creative dramatics, voice, and body coordiantion. Junior and senior high students will meet Tuesdays and Thursdays at 3:30 p.m. Enrollment in these classes will be Sept. 14 and 16, respectively, at that hour.

Junior Theatre instructors are Mmes. E. N. De Waide, C. Norman Hicks, James P. Murphy and John R. Riley, Jr.

Navy Enlisting Men Immediately Now

Immediate enlistments are now open in the Navy for the first time in 18 months, the Navy Recruiting Service announced yesterday. Because of low quotas in the past, young men were put on a waiting list for two to eight months before they could enlist. Now, if qualified, they will be taken immediately.

Opportunities are available in 62 different Navy ratings for young men between 17 and 31. Naval aviation and submarines are two categories of the service that need enlistments.

The Naval Aviation Cadet program is open to high school graduates between 18 and 25 who meet various qualification tests. Young men without high school background may qualify by passing an equivalent examination.

Application should be made to the Navy Recruiting Service, Room 204 Post Offiice Building, San Diego.

Pedestrians Must Be Cautious For Sake Of Safety

More than 23% of the 3,371 persons killed through motor accidents in California last year were pedestrians. Notable in this traffic death toll story is the fact that 35% of all pedestrain deaths occured in "marked off street or road intersections".

Officials of the California Safety Council reported today that many urban law enforcement officers are agred that quite a few of these pedestrian fatalities would have been avoided by the observance of traffic safety rules on the part of the pedestrian.

Pedestrians involved in traffic accidents are generally guilty of:

1—Stepping off the curb regardless of how close an approaching vehicle may be or how fast it may be travelling.

2—While crossing a street, slowing down to a deliberate crawl, confusing the oncoming motor vehicle operator.

3—Never looking to the left or right to ascertain if a vehicle is approaching, endangering both pedestrian and vehicle operator.

Observance of the law is incumbent upon both pedestrians and vehicle himself to needless danger, even though the law is on his side. Traffic safety is everybody's business and the courtesy of the road must also be observed by all pedestrians.

NORTH DAKOTA PICNIC

Sunday, September 12 has been set the day for the North Dakota State Society picnic. This annual event will be held in the Golden Hill Picnic Area on 25th street at "A". Time has been arranged for 12:30. All North Dakotans and their families are urged to attend.

Mr. and Mrs. R. J. Merrill of National City, who were married June 6th at St. Mary's in National City, are making their first home in the 4900 block on Cape May Avenue. Previous to the marriage, the groom made his home with his sister, Mrs. Swymeler at 5145 Brighton Ave.

Localities Were Television Guests

Sewing lessons in your home can be both enjoyable and profitable. Every Wednesday morning at 10:15 KFMB-TV, Channel 8, presents as one of their public service programs, Sewing Problems. The 30 minute classes are conducted by Mrs. Alice Pfugh, teacher for adult education department of the San Diego City Schools.

At each session, Mrs. Pfugh presents demonstrations of sewing methods, new ideas and guests with interesting sewing problems. Viewers are invited to participate by sending in their questions on sewing.

August 25, Mrs. Richard F. Greasen, 4947 Coronado Avenue and daughter Jo Ann were guests on the program.

Mr. and Mrs. Carl F. Uhl, and Theresa, Betty and Willie, 3904 Atascadero Dr. returned Saturday night after several days spent vacationing in Sequoia National Park. They report it was 36° during the night. Ocean Beach weather beckoned them home.

Mrs. David Grimes returned ot her home, 1254 Savoy Street, last weekend after a two months' vacation, most of which was spent in her former home in Dayton, Ohio. The Grimes moved here last September. Mrs. Grimes was accompanied on the trip by her mother who had been visiting here. Mr. Grimes and their two sons later made the trip to Ohio to escort Mrs. Grimes home.

Moving from Mohawk street to Loma Portal are Mr. and Mrs. R. B. Morse. They have chosen Azalea Drive as their "Home".

R. Goodwin Wins Pool In Big Hunt

It was a lucky day for young Randy Goodwin, 11, when he won a wading pool and an air gun in a treasure hunt at Mission Beach Amusement Park.

Randy is the son of Mr. and Mrs. William Goodwin, 4568 Coronado Ave.

More than 1,000 youngsters and their parents participated in the treasure hunt day celebration at the park and competed for prizes worth $500.

Roy Hogshed, western star of television, fired his six-shooter into the air at noon to signal the start of a hunt for treasure tokens in the sands of the beach. About 500 children searched for the tokens which were redeemed for $250 worth of prizes.

Johnny Downs and Marshall Tom, television personalities from station KFSD, channel 10, assisted Hogshed in conducting a number of free contest for youngsters and their parents after the treasure hunt.

Highway Patrol To Be On Lookout Over Labor Day Holiday

SACRAMENTO—The familiar black and white automobiles of the California Highway Patrol will be in evidence more than ever over the coming Labor Day holiday according to B. R. Caldwell, Highway Patrol Commissioner, who emphasized that orders to Patrolmen deal particularly with control of those who drive too fast, too slow or who drive while under the influence of alcohol.

"Every piece of equipment and every available officer will be on the road," Caldwell said. "We know from experience there will be heavy traffic as people take their last vacation trips and we will be prepared for them.

"Our advice is for motorists to plan their trips carefully so they will not be forced to drive too long or too fast. In either case it could lead to trouble."

Caldwell pointed to the dangers surrounding "slow poke" drivers who cause traffic delays and incite other drivers to commit unsafe acts.

"We are watching for every such slow driver to see that he does not impede traffic," Caldwell said. "If a driver wishes to drive slower than the other traffic then he must keep to the right as far as possible. This is not an invitation to others to speed but is a movement to provide for fair and efficient use of the highways."

Mrs. Cedra Kunath, Mrs. Joseph DiAddairio, Mrs. Nestor Paluch, Mrs. Frank Ringel, Mrs. Earl Clark, Mrs. Vlad Benko, and the hostess, Mrs. C. C. The meetings are held each Thursday at 2 p.m. and all foster parents are welcome from the Point Loma, Ocean Beach area. Interested parties are invited to call Mrs. Cecil Barbour.

Present were: Maureen O'Brien, Jonquil Brown, Liz Duffy, Cecil Cooper, Ginnie Rogers, Helen Zarkos, Betty Fitchel, Dick Kelley, Johnny Padden, Gary Houston, Jim Shea, Bill Bryant, Jay Schooch and Paul Callaghan.

Mr. and Mrs. Sam Benedetto of Chicago, Ill. purchased a home the 4500 block on Tivoli street, and like it here so much that they are looking forward to the arrival of his family here in about six months.
